Bell Networks Voice & Data Pty. Ltd. A.C.N. 121 113 773 will supply you with telecommunications services ("Services") on the terms and conditions set out below. Words not defined in these terms and conditions have the same meaning as in the Telecommunications Act 1997.

1. Switching (also referred to as "Porting") your Mobile Service Number (MSN) to Bell Networks Mobile is covered by the "Australian Communications Industry Forum, Industry Code - Mobile Number Portability ACIF C570 June 2001" ("MNP Code"), and any bilateral arrangements. Provided your MSN is capable of being switched, you may switch your MSN from your current Mobile Service Provider to Bell Networks Mobile if that MSN is declared Portable under the ACA Numbering Plan 1997 and no exemption has been granted by the ACA. The terms of the relevant Bell Networks Mobile Standard Agreement, as current, and may vary from time to time, will apply to your use of the Service.

2. This Customer Authorisation is valid for 30 calendar days from the date shown on this Authorisation.

3. You acknowledge that:

a) Only your MSN switches to Bell Networks Mobile. No existing Value Added Services with your current Mobile Service Provider will be transferred, which may result in the loss or the loss of access to these services, including voice mail, SMS, paging, data or facsimile services.

b) You may have outstanding contractual obligations and costs owed to your current Mobile Service Provider.

c) You may have an ongoing contract with your current Mobile Service Provider which requires the payment of cancellation and/or termination fees to that Mobile Service Provider if you switch to Bell Networks Mobile.

d) Your current Mobile Service Provider may or may not disconnect your existing mobile service and value added services.

e) If you are porting between GSM and CDMA or any other mobile platform, you may need a new handset.

f) If you currently have a pre-paid handset, you may need to get any SIM security or network locking removed by your current Mobile Service Provider or get a new handset.

g) You require that your MSN is switched to Bell Networks Mobile as soon as possible.

4. You can only withdraw your authority to switch prior to the Port Cutover Notification being sent by Bell Networks Mobile to your current Mobile Service Provider.

5. Bell Networks Mobile does not warrant that it can switch your number from your current Mobile Service Provider. Your current Mobile Service Provider may reject the request to switch, if the information you provide is incorrect or does not match the data held by them. In this case, you authorise Bell Networks Mobile or its agent or dealer to correct the information and resubmit the request to switch or dispute the rejection by your current Mobile Service Provider. Additionally, in accordance with the MNP Code, a request to switch may be rejected if:

a) the request is for a non-switchable MSN e.g. cancelled MSN, Mobilesat or AMPS numbers;

b) the MNP Code requires the request to be rejected; or

c) Bell Networks Mobile cannot otherwise provide switching for that MSN in the circumstances.

6. If your number cannot be switched then you may accept a new donor number from Bell Networks Mobile.

The Standard Hours of Operation are AEST 8am to 6pm Monday to Friday, excluding national public holidays. Bell Networks Mobile may be able to provide you with the facility to implement the Porting of your MSN(s) outside the Standard Hours under any Bilateral agreements that may exist from time to time.
